BAUR Newsletter

Issue October 2014

Dear BAUR Partner, dear customer!

BAUR is starting the second half of the year with a range of new products, which were presented for the first time at our International Sales Conference in Munich. We will be introducing PD-SGS in this newsletter. Furthermore, an interview with our new Technical Director, Torsten Berth, gives us some of his first impressions of his new activities at BAUR. And plenty of other news awaits you.

Happy reading!

New Technical Director at BAUR Interview with Torsten Berth

On 1st June 2014, Torsten Berth took over as CTO (Chief Technical Officer) at BAUR Prüf- und Messtechnik GmbH. Torsten Berth has joined us from hagenuk KMT GmbH, one of the companies in the Megger Group, where he was Development Manager and authorised representative for the Research and Development department.

Snapshot

Fonkel in Mexiko with company cars bearing the BAUR design

Fonkel, the Mexican representative of BAUR in Mexico, has had two company cars bearing the BAUR design. The vehicles are now used for customer visits and demonstrations in and around Mexico City. We are delighted by this level of commitment!
